P R O F I L E

Hi, I am Krishna kant Maharshi.
I am in second-year Bachelor of Computer Applications (BCA) student,
I am eager to explore opportunities where I can leverage my skills and passion for web development. I have had the privilege of working on various web projects, which have honed my abilities in front-end development. I am now seeking new challenges to further enhance my expertise and make meaningful contributions to innovative teams.

E D U C A T I O N

● Bachelors of Computer Application
Career Point University , Kota

Krishna Portfolio

May - June 2023 | [Personal Portfolio](#)

It was my first personal project (which can be actually consider as project). In this I used HTML,CSS and javascript also GSAP and Scroll Trigger

Blog WebApp

June 2023 | [Dev Blog](#)

So in this project , I tried to make a landing page for a blog website in which read blogs and post them too.

This project was made In HTML,CSS and simple javascript (like dark theme)

It's UI is very simple and attractive.

OST Project

June 2023 | [OST task](#)

It was my first freelance project, In this project I made a landing page for [OST](#)

C E R T I F I C A T E S

Web Designing (HTML , CSS) - 2023

I had done detailed assesment by finishing it at [Cutshort](#)

Amazon Web Services AWS - 2023

I completed this "Solutions Architecture" with "Amazon Web Services" virtual program conducted by [Forage](#)

WebDevelopment Internship - 2023

Certification of "Selection For the role of intern" for Web Development Internship
